Dear Alessandra,

Unfortunately your pregnancy time has exceeded the period in which we can safely help you (LMP = 63 days).

Could you travel to a neighbouring country in order to get a safe abortion, perhaps?

We also have a updated list of all Italian hospitals that effectively provide you with a safe abortion, that you can check here: <http://www.womenonwaves.org/pt/page/4792/italy-clinics-and-associations>

Warmly,

Women on Web

Singapore

In Singapore abortion is legal until less than 24 weeks for social reasons. Women from abroad will only be able to undergo abortions in private hospitals. A legal abortion in a public hospital is restricted to citizens of Singapore, wives of Singapore citizens and women that have resided in Singapore for a minimum duration of four months.

To find a hospital in Singapore go

United States

In the United States, there are a number of clinics that provide abortions after 20 weeks. The costs vary widely depending on the number of weeks of pregnancy and type of anesthesia used, and range from US\$ 1,500 to \$10,000. Abortions after 23 weeks are more expensive. To locate these clinics, go

to <http://www.prochoicemass.org/research/abclater.shtml>. It is important to call the clinic to find out how soon you can get an appointment and to learn the exact costs.

Some citizens of the EU currently do not need a visa to come to the US. Check this link for current U.S. visa regulations http://travel.state.gov/visa/visa_1750.html

For other countries, the wait for a visa depends on the country. Approximate wait times are listed here: http://travel.state.gov/visa/temp/wait/tempvisitors_wait.php

Women from Eastern Europe and fetal malformations:

Slovenia:

Unispital Ljubljana, contact Dr N.Tul natasha@guest.ames.si

No time limit for severe fetal malformation. Women need to see 2 doctors at the hospital who confirm the indication. Hospital ethical committee will decide on the abortion (usually on Tuesdays), so best day to come to the hospital is on Monday.

Costs about E1500. (more in complications and longer stay in the hospital)

Warm regards,
